

The Discovery Experience

Brand New Explorers Program
The Journey begins September 2025

FIELD TRIPS

Brand new locations to visit within the city and our community-not to mention a fun bus ride or neighbourhood walk to get there.

Want to join us? Don't forget to ask if there are opportunities for parent volunteers on our day trips.

LIFE PROJECTS

Children will take part in nurturing class pets with all new ecosystems, diets, and warming lights to support a thriving environment.

We will also support a growing indoor and outdoor gardens cultivating responsibility, environmental awareness and empathy through daily engagement.

SPECIAL VISITORS

We'll be bringing the community into the classroom with special guest speakers and performers who will visit to introduce us to exciting talents, cultures and creative fields.

Topics include science, art, music, and professional careers to fuel their curiosity about the world and their role in it.

MULTICULTURAL CELEBRATIONS

Through interactive celebrations, music, cuisine, storytelling, and hands-on activities, children will explore and honour a variety of cultures from around the world, helping to foster respect, inclusion, and global citizenship.

PHYSICAL EDUCATION AND MENTAL HEALTH

We are committed to nurturing the well-being of every child. Our new mental and physical education program will enrich mindfulness and emotional regulation activities.

Yoga for kids, Building Brains Together and the introduction to healthy lifestyle habits through guided activities.

A powerful new program carefully designed to expand learning, and ignite joys of discovery.

Additional funds begin when your child turns 3- all funds are based solely on the cost of each specific activity TBA.
